

Technical Data Sheet

Nebula Bath

Voltage	230/1Ph/50Hz -3- pin UK plug
Maximum Current	12 Amps
Power	2700 Watts
Tub Dimensions	1092mm (L) x 607mm (W) x 650mm (H)
Overall Dimensions	1900mm (L) x 740mm (W) x 720mm (H)
Weight (empty)	140kg
Filtration	• 20 Micron Filter • UV sterilization
Water Temperature	Min 4°C Max 15°C
Ambient Temperature	Min 5°C Max 45°C
Water capacity	300L
Ventilation	30cm required surrounding the bath
Iceless Technology	
Plumbing	Not required
Maintenance	• Every 1 month, general outside cleaning and cleaning of the water line • Every 2-3 months, change the filter - if heavy usage, every 1 month • Every 3 months, drain the water 50% and re-fill with fresh water • Every 3-6 months - full water drain and refill
