

Natura

Naturally
reinvigorating

Natura softly embraces and cherishes its visitors. A perfect place to wholeheartedly enjoy the healing sauna, surrounded by a luxurious ambience.

The exquisite deep brown of the terrace charms with its refined elegance outside while the warm colour of the heat-treated aspen coddles you inside. The large front window opens to an enjoyable view of the outdoors. Moreover, on the terrace, you can experience the surrounding nature without a filter.

Natura is created in cooperation with the talented Italian architect Luca Donazzolo.

Key features

Exterior

The exterior cladding is designed to withstand severe climate conditions: the Nordic spruce wood is thermotreated, brushed and painted. The walls, floor and roof are efficiently insulated, and the solid roof construction can bear heavy loads of snow.

Interior

All interior details are made from high-quality thermo-aspen.

Terrace and dressing room

These have spot LED lights. Inside we have warm white LED strips behind the backrests. Lights are dimmable using the remote control unit.

Floor

The floor grids come with rubber strips, which prevent the floor from being slippery and the wood from being in direct contact with humidity.

Suitable equipment
