

VelAqua

**A standalone solution
for a luxurious
refreshment**

Whether you've just stepped out of the sauna, finished a morning swim, or simply need a burst of fresh energy - VelAqua is your new ritual in nature.

This elegant outdoor shower is designed to deliver a cleansing, uplifting experience that fits seamlessly into any outdoor wellness space. With its natural wood finish, VelAqua blends modern form with organic function - making it a beautiful and functional companion to any sauna, pool, or terrace setup.

VelAqua outdoor shower module connects nature, design, and technology.

Key features

Luxurious outdoor refresh

A stylish and functional shower solution, perfect for rinsing off after a sauna session or simply cooling down on a warm day - designed to bring the spa experience outdoors.

Premium natural materials

Crafted with Thermory thermo -spruce cladding and thermo -ash decking, VelAqua showcases durable materials that age beautifully and blend seamlessly with nature.

Sleek integrated water module

Everything you need is built into one smart unit: a matte black recessed faucet and shower system, pre-configured for easy installation and seamless operation.

Intuitive and efficient use

Simple hose and power connection, adjustable water temperature and pressure - VelAqua offers effortless operation for a smooth, luxurious outdoor showering experience.

Flexible setup options

VelAqua is available with or without a base, adapting to your layout and needs. Whether paired with an Auroom sauna or standing on its own, it delivers effortless outdoor refreshment.

Built-in LED lighting

Subtle lighting illuminates the quartz shelf, creating a refined atmosphere and highlighting the shower's clean, modern lines - even after dark.
